

EL MORYA VIGIL

Tuesday Evening

The Tuesday Evening Service is dedicated to beloved El Morya and the will of God. On this day we show our gratitude to El Morya by giving his decrees and songs with the El Morya cassettes and the Ashram Rituals. Beloved El Morya has been our help and strength through all of our trials and this service is our opportunity to give him the energy he needs so that he can assist all on the planet who need his help.

Mother has told us that El Morya is the Master who is closest to us before we have bonded to our Holy Christ Self. He is the one who has the dispensation for this activity and is the one who can answer our call when we need help. She said:

Keep your channels open to Morya. Even if you never have a Tuesday Night Service on his day, always insert his calls and his name because you are banking the fires for the day when you need Morya, you need an instantaneous transfer of energy, you need to be rescued. The lines are open and he will help you.

We should take some very personal time to sing to El Morya, to give his decrees--and those are our devotions for Tuesday. He has told us time and time again, "I want to help you. You need to give me the energy so I can help you." You have to give it to him in advance. You're banking against the day when calamity will fall and you cry out to El Morya to help you.

Morya has paid enough prices for us. And against the day of any calamity in your life, you need to have built a momentum of those will of God decrees [10.03], four verses, one for each of the four quadrants, clearing your four lower bodies, the four lower bodies of the planet, singing your devotional songs to him. Remind yourself of how much you love him.

In his August 8, 1988 dictation, "The Light and the Beautiful," beloved El Morya told us of his great desire to help us. He explained the requirements for his intercession:

Blessed ones, I stand at a moment when I desire to give you all of my Causal Body for your victory, all of my experience and all of my counsel. The Karmic Board has sent me to tell you that for the blessings received from my heart in these thirty years, from this day forward if you desire my intercession it must be upon the principle of "pay as you go." For each day's intercession there must be abundant action on the calls to my flame, as you know, the [decree] number 10.03. This call, beloved, is the key to my Causal Body and to my Diamond Heart and to the more that we can give to you through the Messengers.

Blessed ones, I shall return to you, many, many fold, as the Law will allow it, your offering of the calls to the will of God. And then, beloved, what is not used up in the given day may accrue as a reservoir, as a sphere of light, therefore, that you will have in reserve that portion [which is] so needed [when you need it].

1988 Pearls of Wisdom, p. 584

A Keeper of the Flame asked Mother, “What can I do to get close to El Morya?” She answered:

You sing his songs. You think about Morya. He’s always a part of your heart. You read and listen to his dictations. Have you read the book *Morya*? All the early dictations are in that book, way back to the fifties, early sixties. If you want to become his chela, you work at removing all barriers between you and Morya. You do the Ashram ritual to the will of God [Sacred Ritual for Attunement with God’s Holy Will]. And you simply are in love with El Morya.

You can read how I feel about El Morya in the introduction to that book *Morya*. But it’s quite something to become a part of El Morya. And it does take work to make yourself acceptable to him. He doesn’t take you on your terms. He takes you on his terms. If you meet all the requirements for chelaship under El Morya, ‘he cannot refuse you by cosmic law. So you can compel the Master to take you on by actually meeting that requirement.

So Morya can sing in your heart every other day of the week. If you don’t happen to be in a service Tuesday night, at least remember him in some way that day because it’s really the first day of the week--it’s the power day. The week actually concludes on Monday as far as vibration is concerned. If you will notice when you really get your thrust of power to charge in the week, it’s Tuesday morning.

Service Instruction

The Tuesday Night Service is actually a prayer vigil to El Morya and his Diamond Heart. We call for the cutting loose and setting free of those one million chelas who are tied to El Morya's heart. We pray for the Church and for his causes, all of the situations which are a burden on his heart. El Morya has told us that the people of Tibet, Afghanistan and many other nations are freedom fighters who are tied to his heart. We call for the judgment of those who have betrayed the flame of freedom and the hearts of the freedom fighters in every nation. It is a time to get close to El Morya and espouse his causes.

Don't forget to give the prayer for the bonding of your heart to the Diamond Heart of El Morya.

It is a blessing to give this service once a week or even on alternate weeks or once a month. You could invite the new Keepers of the Flame in your area and help them to really get to know El Morya by giving his decrees and songs of devotion. You could play excerpts of teachings which Mother has given on El Morya and the will of God as well as dictations by the Master.

BONDING PRAYER

Know this, beloved, that you must greet adversity and the adversary, welcoming the initiation and intensifying into it a release from your heart of sacred fire whereby you say:

Where I stand, there is Morya! And in his name I say:
Thus far and no farther! You shall not pass!
You shall not tread on holy ground!
You shall not enter this hallowed place!
You shall not come between me and my God!
My God is happiness this day.
My God is holiness.
My God is the divine wholeness of the Living One.
I and my Father Morya are one!

You do not have to walk the earth in the sense of being a karma- being, a person burdened and limited. Shout the fiat! Internalize the Light! And let this celebration of another birthday be a celebration of many candles lit around the world who have said,

This is the end of it!
I will have no more to do with my human creation!
I will stomp on it! I will drive it out!
I will not be off guard.
I will not catch myself in those valleys of derision
whereby my own God is derided as I dally
in the nonsense of self-pity and indulgence.

Therefore let Love endure. Let Love endure as a fire that burns in the heart. And if you do not feel that fire burning, say:

O Jesus, Jesus, Jesus, come into my heart!
Rekindle my love.
Let it overflow the chalice of my heart
That I might extend the cup of mercy
To every part of Life,
Every part of Life,
Every part of Life!

. . . Blessed ones, if you do not walk about with the sensation of fire in your heart, you ought to be concerned! And you ought to stop a moment and pray to the Sacred Heart of Jesus and take sixty seconds to close your eyes and intensify your love of Jesus Christ and to call to Jesus to come into your heart until you are filled with the fire once again.

I call specifically for the angels who are called “the weavers” to reweave and fill in the holes in our auras. Assist us with the weaving of the seamless garment, without which we cannot ascend to God in this life.

In the name of the Christ I invoke the violet flame sea! Let it rise up as a tidal wave of violet flame, inundating the earth with the power of transmutation and transmuting the cause and core of war, and of Death and Hell itself. Roll back all darkness and the cause and core of war by the tide of the violet flame sea!

By the power of our decrees, let mighty waves of light wash away all that could beset this civilization in this decade,

In the name of beloved Omri-Tas, I invoke the violet flame on behalf of all elemental life. Let the violet flame come forth from the violet flame sea in the center of the earth to transmute all their sorrows and lift from them the burdens of the karmic weight of the earth.

Impart to me a self-awareness so strong that in the midst of the rigors of chelaship I will never lose sight of the point of the diamond within--my center of infinity--the white fire core. I remain centered in this point in my innermost being between the heart chakra and the seat-of-the-soul chakra as my soul mounts the spiral of being and passes through the records of the electronic belt becoming one with the Divine Mother.
